

 **i-WIRELESS™** ROBOT

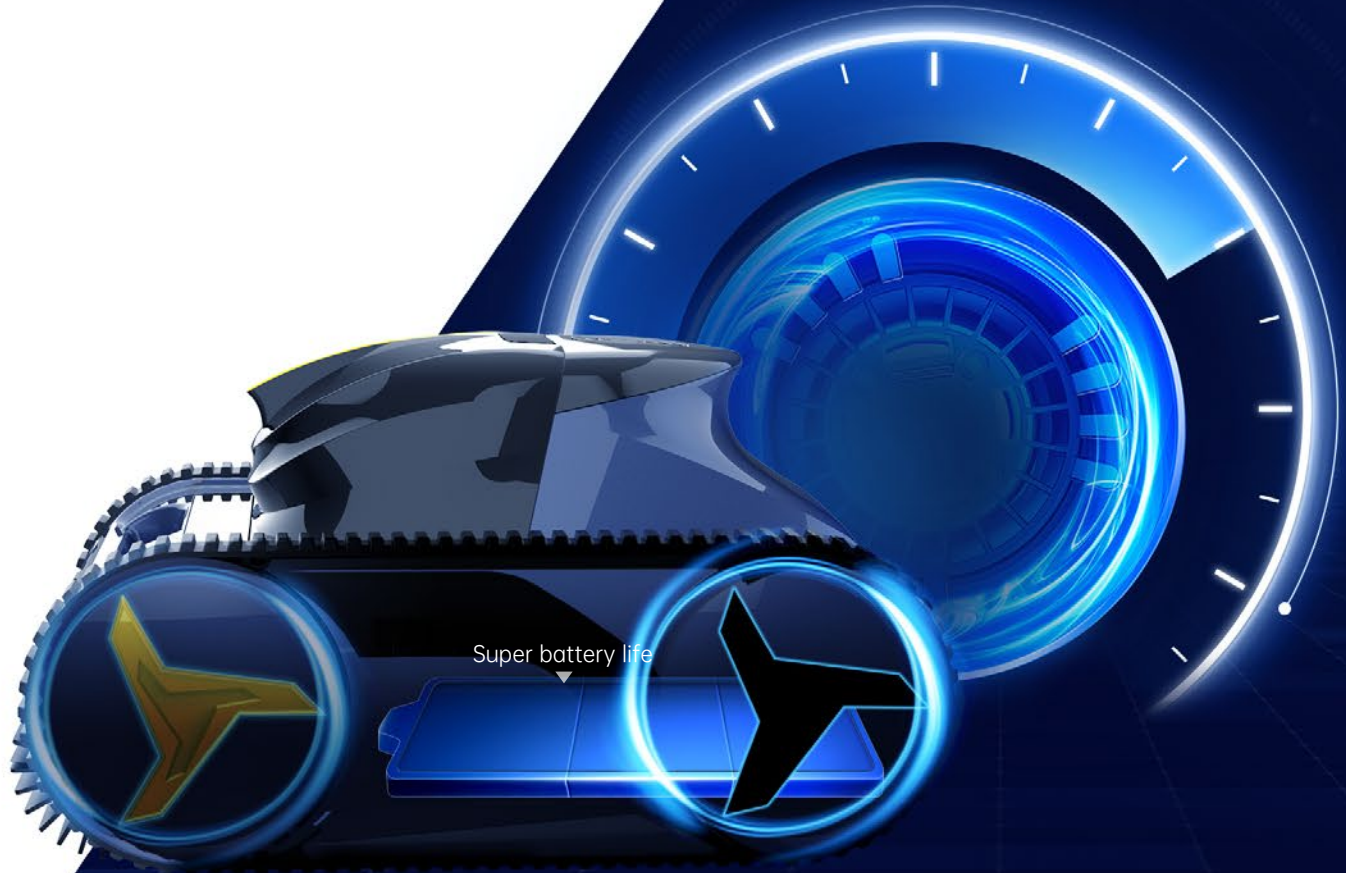

LONG ENDURANCE 3D-CLEANING

— 1 Charge for 2 Weeks

LONG ENDURANCE

Need to charge it everyday? No. Due to the advanced control system, the motors can automatically adjust their power speed running at the lowest consumption rate in different pool environments, saving more energy to support longer endurance.

INTELLIGENT "3D S PATH" PATENTED

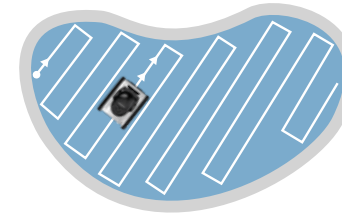

3D S path

3D S path:

The intelligent detection system helps the Wireless Pool Robot plan the most efficient cleaning path. Now you have less time in cleaning and more time in pool life.

INTELLIGENT & EFFICIENT

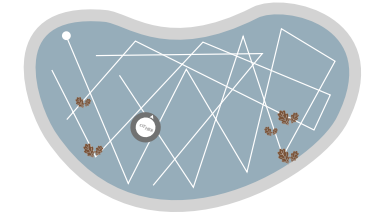

- 1 Straight cleaning path, say goodbye to chaos
- 2 Self-adjust to different pool shapes & materials
- 3 Pre-detect wall and waterline anti-bump

AI-Wireless Pool Robot

Full coverage in a regular pattern and high efficiency.

Vs

Other

No path planning, less coverage and less clean

Warranty	2 years	2 years	2 years	2 years

*Reference: Above endurance time is based on 2 hours' cleaning each time in liner pool

Cleaning Time Reference (Take a 4*8m liner pool for example) :

1. Clean the floor once: 20 minutes
2. Clean the whole pool (floor/wall/waterline) once: 40 minutes
